

MAJLIS BANDARAYA PETALING JAYA

OCCUPATIONAL SAFETY, HEALTH & ENVIRONMENTAL POLICY

Occupational Safety, Health & Environment (OSHE) are integral aspects of our management responsibility.

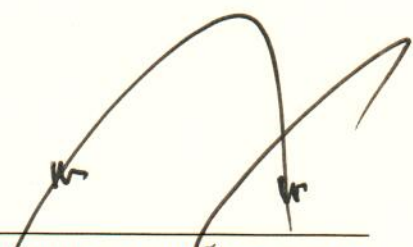

We are committed to:

1. Maintain a healthy, safe and environmentally sound workplace for employees, contractors, clients, visitors, and others that may be affected by our operations.
2. Develop and promote a positive OSHE culture with proactive involvement of our employees and contractors.

Management of MBPJ aims to achieve this by:

1. Implementing a continually improving OSHE management system.
2. Providing suitable and sufficient resources to allow achievement of the OSHE objectives.
3. Complying with applicable local statutory and regulatory requirements.
4. Assessing the risks associated with our business activities and, where necessary, take appropriate measures to mitigate them.
5. Providing sufficient education, information and training to employees to enhance their OSHE consciousness and to allow them to safely perform their tasks.
6. Establishing key performance indicators and reviewing these for continual improvement of our OSHE performance.
7. Minimising waste and preventing pollution in our activities and ensure recycling or environmentally sound methods of disposal.
8. Execute joint management and employee consultation to gain the co-operation and commitment of employees to this policy.

The Management is committed to reviewing and, if necessary, updating this policy on a periodic basis.

DATO' MOHD AZIZI BIN MOHD ZAIN

Datuk Bandar

MAJLIS BANDARAYA PETALING JAYA

19th April 2017
